

WHY CONSIDER CORN AS A FEEDSTOCK? SUSTAINABLE. ABUNDANT. AFFORDABLE.

Learn more about how corn is being utilized in the following sessions during BIO World Congress 2019:

Innovations in Next Generation Renewable Chemicals: Meet the Winners of Consider Corn Challenge II

Monday, July 8 - 3:00 pm – 4:30 pm, Room 309

Ethanol as a Building Block for Renewable Biobased Chemicals

Tuesday, July 9 - 1:15 pm – 2:30 pm, Room 309

Iowa Corn: Plant-based MEG Process for Plastic and Apparel

Wednesday, July 10 - 3:45 pm – 4:00 pm, Room 317

Can't attend one of our sessions?

Visit ncga.com/newuses to learn more about the value of corn as a feedstock for sustainable bioproducts.
